THIS IS UNEVALUATED INFORMATION

25X1

1. One routes was from Warsaw to Plonsk and from Plonsk to Budy, a village which is located south southeast of Plonsk.
2. From Warsaw to Plonsk an all weather road [4924] which is over two lanes wide. The road is designed for heavy usage with a minimum of maintenance. It has a good solid foundation and is considered to be a first class highway. The all weather road is asphalt surfaced.
3. A concrete-steel bridge is located between Nowy Dwor and Modlin which crosses the Narew River. It is in good condition and is over two lanes wide. It is capable of absorbing heavy usage.
4. A number of loose surface, dry weather dirt roads [4935] run in the vicinity of Budy, Szczytno and Dalanowek. The dirt roads are over one lane in width and occasionally are able to bear heavy usage. The dirt roads have a natural foundation of dirt, gravel and stones. Farmers and villagers maintain these dirt roads.
